The Affordable Housing Tax Credit Coalition represents syndicators, developers, lenders, institutional investors, nonprofit groups, public agencies, and other allied professionals (including accountants, lawyers, and compliance specialist) concerned with the Housing Credit program. The Coalition, a nonprofit corporation chartered under the laws of the District of Columbia, is governed by an elected Board of Directors. Please visit www.taxcreditcoalition.org for more information about joining the Affordable Housing Tax Credit Coalition.

The Housing Credit program was created as part of the Tax Reform Act of 1986. Today, the Housing Credit is widely regarded as the nation's most successful housing production program ever, resulting in the construction and rehabilitation of more than 2 million housing units for lower-income Americans. In addition to producing housing, the Credit also contributes to the revitalization of distressed low-income communities and creates needed jobs. It is estimated that building 100 multifamily units generates 112 local jobs during the first year of construction and 46 jobs every year thereafter.
